

Get Great Coverage With The *Silver Pledge™ Limited Warranty!*

## The Weather Stopper 3-Part Roof Protection Program Is Your Best Choice!

LIFETIME SYSTEM, THE BEST CONTRACTOR & A STRONG WARRANTY!

### Part 1: The GAF Lifetime Roofing System\*

LIFETIME SHINGLES COBRA ATTIC VENTILATION ROOF DECK PROTECTION LEAK BARRIER STARTER STRIP SHINGLES RIDGE CAP SHINGLES

The GAF Lifetime Roofing System has earned the prestigious Good Housekeeping Seal (applicable in U.S. only).

\*See GAF Shingle & Accessory Ltd. Warranty for complete coverage and restrictions. The word "Lifetime" refers to the length of coverage provided by the GAF Shingle & Accessory Ltd. Warranty and means as long as the original individual owner(s) of a single-family detached residence (or the second owner(s) in certain circumstances) owns the property where the shingles and accessories are installed. For owners/structures not meeting the above criteria, Lifetime coverage is not applicable. Lifetime Ltd. warranty on accessories requires the use of at least three qualifying GAF accessories and the use of Lifetime Shingles.

### Part 2: The Best Contractor

Fewer than 2 out of every 100 roofing contractors have been awarded GAF Master Elite® status! They are truly the "best of the best" because they are:

- Insured
- Licensed by Their State/Province/Territory\*\*
- Trained to Install GAF Products
- Established in the Local Community with a History of Installing Roofs

\*\*Applies in states/provinces/territories where all roofing contractors are required to be licensed.

### Part 3: One Of Our Strongest Warranties!

Don't settle for less!

# GAF Has Taken The Worry Out Of Choosing A Roofing Contractor

## HERE'S HOW...

### We Ask The Right Questions

Asking the right questions is the key to selecting the right contractor. To become a factory-certified GAF Master Elite® Roofing Contractor, a contractor must show that they are:

- Insured
- Licensed by their state/province/territory\*
- Trained to install GAF products
- Established in the local community with a history of installing roofs

Because of our stringent standards, *less than 2% of roofing contractors have qualified as Master Elite® Contractors!* Choosing them is your assurance that you'll be dealing with a quality, reputable, and dependable professional contractor — not some "fly-by-nighter."

### Professional Installation

To ensure your total satisfaction, our Master Elite® Contractors have been provided with extensive educational materials developed by GAF technical experts — allowing them to stay current in the latest roof installation techniques. That's why GAF authorizes them to offer the *Silver Pledge™ Limited Warranty*.

### Your Best Choice

Don't trust your biggest asset to just *any* contractor. Be sure to choose a GAF factory-certified Master Elite® Contractor — your best choice!

**FACT:** Over 90% of Property Owners Would Recommend Their GAF Master Elite® Contractor To Others\*\*

\*Applies in states/provinces/territories where all roofing contractors are required to be licensed. \*\*Based on a GAF survey of 27,713 property owners served by GAF Master Elite® Contractors during 2015 and 2016.

<sup>1</sup>Warranty coverage varies by manufacturer. See applicable warranty for complete coverage and restrictions. The word “Lifetime” refers to the length of coverage provided by the GAF Shingle & Accessory Ltd. Warranty and means as long as the original individual owner(s) of a single-family detached residence (or the second owner(s) in certain circumstances) owns the property where the shingles and accessories are installed. For owners/structures not meeting the above criteria, Lifetime coverage is not applicable. Lifetime Ltd. warranty on accessories requires the use of at least three qualifying GAF accessories and the use of Lifetime Shingles.

<sup>2</sup>See Silver Pledge™ Limited Warranty on next page for complete coverage and restrictions.

<sup>3</sup>Some limited workmanship coverage may be available through your contractor.

<sup>4</sup>Contractor certification is only for installations covered by GAF enhanced warranties.

## The Legal Stuff

**What Is Covered/Excluded:** This Silver Pledge™ Limited Warranty covers certain GAF roofing products installed on your roof (the “GAF Products”) including GAF Asphaltic Shingles, GAF Ridge Cap Shingles, GAF Starter Strip Shingles, GAF Leak Barrier Products, GAF Roof Deck Protection Products, GAF Cobra® Attic Ventilation Products, and GAF-labeled Ultimate Pipe Flashing® with EasySleeve (manufactured by Lifetime Tool® & Building Products LLC) in the unlikely event that they contain a manufacturing defect. Misapplication of your GAF Products and flashings at valleys, dormers, chimneys, and plumbing vents (the “Covered Flashings”) is also covered. Note: This limited warranty does not cover low-slope membranes, Master Flow® Ventilation Products, ShingleMatch™ Roof Accessory Paint, or GAF Cornell Ventilated Nail Base Roof Insulation. Please go to [gaf.com](http://gaf.com) for a copy of the limited warranties covering these products.

**How Long Your Warranty Lasts:** All GAF Products. Coverage begins when your GAF Products are installed. Coverage for all GAF Products lasts as long as the warranty for manufacturing defects for the type of shingle installed in the field of the roof. Note: If cut-up GAF Strip Shingles are used instead of the eligible GAF Ridge Cap Shingles, the warranty and non-prorated period for the cut-up strip shingles are the same as they would be if those shingles were used in the field of the roof.

**Manufacturing Defects: GAF Lifetime Asphaltic Shingles.** Subject to the provisions below, all GAF Asphaltic Shingles other than Royal Sovereign® and Marquis WeatherMax® Shingles carry a Lifetime limited warranty (as defined below) against manufacturing defects and a non-prorated period of 50 years.

**Manufacturing Defects: Other GAF Asphaltic Shingles.** Marquis WeatherMax® Shingles are warranted against manufacturing defects for 30 years; Royal Sovereign® Shingles are warranted for 25 years. The non-prorated period is 20 years for Marquis WeatherMax® and Royal Sovereign® Shingles.

**Definition of Lifetime:** The word “Lifetime” means as long as you, the original owner(s) [or the second owner(s) if coverage was properly transferred within the first 20 years], own the property where the shingles and/or accessories are installed. The Lifetime warranty term and 50-year non-prorated period are applicable only to shingles and accessories installed on a single-family detached residence owned by an individual or by another type of owner or building, such as a corporation, governmental entity, religious entity, condominium, or homeowner association, school, apartment building, office building, or multi-use structure, the length of the warranty is 40 years and the non-prorated period is 20 years.

**Failure To Seal/Blow-Offs/Wind Damage.** Coverage for GAF Asphaltic Shingles and Ridge Cap Shingles lasts for 15 years. There is no coverage for failure to seal/blow-offs/wind damage for any other GAF Accessory Products.

**Algae Discoloration.** All StainGuard Plus™ with Time Release-labeled shingles carry a 25-year limited warranty against algae discoloration and a non-prorated period of 10 years. All StainGuard®-labeled shingles and ridge cap shingles carry a 10-year limited warranty against algae discoloration and a non-prorated period of 1 year. There is no coverage for algae discoloration for any other GAF Accessory Products.

**Misapplication: GAF Products And Covered Flashings.** Coverage for the misapplication of GAF Products and Covered Flashings lasts for 10 years.

**Who is Covered By This Limited Warranty; Transferability.** You are covered by this limited warranty if you live in the United States or Canada and are the original property owner (i.e., not a builder or installer) or the first subsequent owner if this warranty was properly transferred.

This limited warranty may be transferred only once. The second owner must notify GAF in writing within 60 days after the property transfer for warranty coverage to be transferred. (Other than this one transfer, this warranty may not be transferred or assigned, directly or indirectly.) If the transfer takes place within the first 20 years after installation, the second owner is entitled to the same coverage as the original owner. If the transfer takes place afterwards, the length of this warranty shall be reduced to the two-year period after the ownership changes. During this two-year period, GAF’s reimbursement to the second owner will be based only on the reasonable cost of replacement GAF Products, reduced by the amount of use that has been received from the GAF Products from date of installation through the date of claim.

**Manufacturing Defects: What Is Covered/Sole And Exclusive Remedy.** GAF Warranty Company, LLC, a subsidiary of GAF, warrants that your GAF Products will remain free from manufacturing defects that adversely

affect their performance during the applicable warranty term listed above. **Note:** Failure to seal/blow-offs/wind damage and algae discoloration are covered separately below.

**(1) During the Non-Prorated Period:** GAF will pay you the full reasonable cost of labor to repair or re-cover any defective GAF Product(s) (excluding non-GAF accessories, metal work, or flashings other than Covered Flashings), and will provide replacement GAF Products or the reasonable cost of obtaining replacement GAF Products, at GAF’s option. The costs of labor to tear off some or all of your GAF Products and disposal are included if necessary to repair your roof.

**(2) After the Non-Prorated Period:** The repair or re-cover cost, replacement GAF Products, or reimbursement provided to you will be reduced to reflect the use you have received from your GAF Products. The amount of use will be calculated by dividing the number of months which have elapsed since installation to the date of claim by the number of months in the warranty term. For a Lifetime warranty, GAF’s contribution in years 51 and beyond is 20%. After the non-prorated period, GAF’s maximum liability for any roof shall NOT exceed three times the reasonable cost of replacement GAF Products before any reduction for use.

**Failure To Seal/Blow-Offs/Wind Damage: What Is Covered/Sole And Exclusive Remedy.** GAF warrants to you that your GAF shingles and ridge cap shingles will not fail to seal, blow off, or sustain damage from winds (including gusts) up to the applicable wind speed listed below after your shingles or ridge cap shingles should have sealed but did not due to a manufacturing defect or their misapplication. If your shingles or ridge cap shingles do fail to seal, blow off, or suffer wind damage, GAF will reimburse you for the reasonable costs of replacing the blown-off shingles or damaged shingles or ridge cap shingles and hand-sealing any unsealed shingles or ridge cap shingles. Costs relating to metal work and flashings (other than Covered Flashings) are not included. GAF’s maximum liability under this paragraph is to reimburse you for the cost of hand-sealing all of the shingles and ridge cap shingles on your roof.

**Manufacturing Defects: GAF Lifetime Asphaltic Shingles.** Subject to the provisions below, all GAF Asphaltic Shingles other than Royal Sovereign® and Marquis WeatherMax® Shingles carry a Lifetime limited warranty (as defined below) against manufacturing defects and a non-prorated period of 50 years.

**Manufacturing Defects: Other GAF Asphaltic Shingles.** Marquis WeatherMax® Shingles are warranted against manufacturing defects for 30 years; Royal Sovereign® Shingles are warranted for 25 years. The non-prorated period is 20 years for Marquis WeatherMax® and Royal Sovereign® Shingles.

Shingle	Wind Speed Coverage with special installation (mph / km/h)	Wind Speed Coverage without special installation (mph / km/h)
All GAF Lifetime Shingles	130/209*	110/175
Marquis WeatherMax®	N/A	80/130
Royal Sovereign®	N/A	60/96

\*Your roof will be covered up to the maximum wind speed above ONLY if your shingles are installed using 6 nails per shingle and you have GAF Starter Strip Products installed at the eaves and rakes.

Ridge Cap Shingle	Wind Speed Coverage with special installation (mph / km/h)	Wind Speed Coverage without special installation (mph / km/h)
Timbertex® & Ridglass®	130/209**	110/175
All other GAF Ridge Cap Shingles	90/144**	70/112

\*\*Your ridge cap shingles will be covered up to the maximum wind speed above ONLY if your ridge cap shingles are installed in strict accordance with the “Maximum Wind Speed Coverage Under Ltd. Warranty” section of the applicable ridge cap shingle application instructions.

**Algae Discoloration: What Is Covered/Sole And Exclusive Remedy.** This limited warranty applies only to shingles and ridge cap shingles sold in packages bearing the StainGuard Plus™ with Time Release or StainGuard® logos. GAF warrants to you that blue-green algae (also known as cyanobacteria) will not cause a pronounced discoloration of your StainGuard Plus™ with Time Release or StainGuard®-labeled shingles or ridge cap shingles for the warranty term listed above. If your StainGuard Plus™ with Time Release-labeled shingles exhibit a pronounced discoloration caused by blue-green algae during the first 10 years after installation or your StainGuard®-labeled shingles or ridge cap shingles exhibit a pronounced discoloration caused by blue-green algae during the first year after installation, GAF’s contribution will be either the reasonable cost of commercially cleaning your shingles (or ridge cap shingles, if your ridge cap shingles are labeled with the StainGuard® logo) or, at GAF’s sole option, replacing discolored shingles (or ridge cap shingles, if your ridge cap shingles are labeled with the StainGuard® logo). The maximum cost to GAF shall be the lesser of the original cost of the affected shingles or ridge cap shingles or the cost to clean the affected shingles or ridge cap shingles. During the remainder of the limited

warranty period, GAF’s contribution to you will be reduced to reflect the amount of use you have received from your shingles or ridge cap shingles since your shingles or ridge cap shingles were installed. The amount of use will be calculated by dividing the number of months which have elapsed since installation to the date of claim by the number of months in the warranty term.

**Note:** Preventing pronounced algae-related discoloration of your shingles or ridge cap shingles is achieved through formulations or through unique blends of granules.

**Misapplication: What Is Covered/Sole And Exclusive Remedy.** If any of your GAF Products or Covered Flashings is found to have an application error that adversely affects performance, GAF will arrange to have your roof repaired or re-covered or, at its sole option, will provide you with replacement GAF Product(s) and reimburse you for the full reasonable cost of labor and other materials to repair or re-cover your roof, including Covered Flashings. The costs of labor to tear off some or all of your GAF Products and Covered Flashings and disposal are included if necessary to repair your roof.

If your claim arises out of an application error in your GAF Products or Covered Flashings, which is discovered or discoverable within the first two years after installation, it is the obligation of your Master Elite® Roofing Contractor to make all necessary repairs. In the event that GAF determines your Master Elite® Roofing Contractor is unable or unwilling to perform these repairs, GAF will arrange to have your roof repaired if the issues were caused by application errors within the scope of GAF liability under this limited warranty.

**NOTE:** Failure to install adequate ventilation is NOT an application error of your GAF Products and is not covered under this Limited Warranty. Due to the design of certain buildings, the replacement of existing flashings may be difficult, costly, or impractical. Please be sure to review these items with your roofing contractor.

**What Is Not Covered.** Even if your GAF products were not properly installed according to GAF’s application instructions or to standard good roofing practices, this limited warranty remains in effect. However, GAF will NOT be liable for and this warranty does NOT apply to:

- Damage resulting from anything other than an inherent manufacturing defect in the GAF Products, their misapplication, or the misapplication of Covered Flashings, such as:
  - settlement, movement, or defects in the building, walls, foundation, or the roof base over which the shingles or accessories were applied.
  - inadequate ventilation.
- Damage resulting from causes beyond normal wear and tear, such as:
  - acts of nature, such as hail, fire, or winds (including gusts) over the applicable wind speed listed above.
  - impact of traffic on the roof or foreign objects, including damage caused by objects blown onto the roof by wind.
  - improper storage or handling of the GAF Products.
- Ice damming, except for leaks in the area of your roof covered by a GAF Leak Barrier which are caused by a manufacturing defect in your GAF Leak Barrier, its misapplication, or the misapplication of Covered Flashings.
- Shading or variations in the color of your GAF Products or discoloration or contamination caused by fungus, mold, lichen, algae (except for blue-green algae if your shingles or ridge cap shingles were labeled with the StainGuard Plus™ with Time Release or StainGuard® logos), or other contaminants, including that caused by organic materials on the roof.
- Damage caused by, or the cost to repair or replace, products not sold by GAF, including but not limited to metal work and counterflashing.
- Improperly designed or installed gutter or downspout systems.
- Damage to the interior or exterior of the building, including, but not limited to, mold growth.
- Damage to or caused by rooftop air conditioning units (and their flashing), pipe works, brace works, skylights, rooftop satellite dishes or other radio/TV devices, counterflashing, or flashings other than those specifically included above.

**Other Limitations Concerning Coverage.** Decisions as to the extent of repair, re-cover, or cleaning required, and the reasonable cost of such work, will be made solely by GAF. GAF reserves the right to arrange directly for your GAF Products to be repaired, re-covered, or cleaned instead of reimbursing you for such work. The remedy under this warranty is available only for those GAF Products actually exhibiting manufacturing defects, application errors (including misapplication of Covered

Flashings), or algae discoloration at the time your claim is settled. Any replacement GAF Products will be warranted only for the remainder of the original warranty period. GAF reserves the right to discontinue or modify its shingles or accessories, including the colors available, so any replacement shingles or accessories may not be an exact match for the shingles or accessories on your roof. Even if GAF does not modify a color, replacement shingles or accessories may not match your original shingles or accessories due to normal weathering, manufacturing variations, or other factors.

**Claims: What You Must Do.** You must notify GAF about any claim within 30 days after you notice a problem. You may report a claim by calling GAF at 1-800-458-1860, sending an e-mail to [warrantyclaims@gaf.com](mailto:warrantyclaims@gaf.com), or by sending a notice to GAF in writing to: GAF, Warranty Claims Department, 1 Campus Drive, Parsippany, NJ 07054, USA. You will then be provided with complete details about submitting your claim. You will be required to provide proof of the date your GAF Products were installed and that you were the owner of the property at that time (or that the warranty was properly transferred to you). GAF may require you to send to GAF, at your expense, photographs and sample products for testing. Within a reasonable time after proper notification, GAF will evaluate your claim and resolve it in accordance with the terms of this limited warranty. If you repair or replace your GAF Products before you notify GAF about your claim or before GAF has completed its evaluation of your claim, your claim may be denied. If you need to repair or replace your GAF Products before your claim is resolved, you MUST provide GAF with reasonable notice. **NOTE: Notice to your contractor, dealer, or home builder is NOT notice to GAF.** You should retain this document for your records in the unlikely event that you need to file a claim.

**Sole And Exclusive Warranty.** THIS LIMITED WARRANTY IS EXCLUSIVE AND REPLACES ALL OTHER WARRANTIES, CONDITIONS, REPRESENTATIONS, AND GUARANTEES, WHETHER EXPRESS OR IMPLIED, WHETHER BY STATUTE, AT LAW OR IN EQUITY, INCLUDING THE IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. This limited warranty is your exclusive warranty from GAF and represents the SOLE REMEDY available to any owner of GAF Products. GAF makes NO OTHER REPRESENTATIONS, CONDITIONS, GUARANTEES, OR WARRANTIES of any kind other than that stated herein. GAF WILL NOT BE LIABLE IN ANY EVENT FOR CONSEQUENTIAL, PUNITIVE, SPECIAL, INCIDENTAL, OR OTHER SIMILAR DAMAGES OF ANY KIND, INCLUDING DAMAGE TO THE INTERIOR OR EXTERIOR OF ANY BUILDING, whether any claim against it is based upon breach of this warranty, negligence, strict liability in tort, or for any other cause. Some jurisdictions do not allow limitations on or the exclusion of incidental or consequential damages, so the above limitations or exclusions may not apply to you. This limited warranty gives you specific legal rights, and you may also have other rights which vary from jurisdiction to jurisdiction.

The United Nations Convention on Contracts for the International Sale of Goods shall NOT apply either to the sale of the GAF Products or to this limited warranty.

**Modification Of Warranty.** This limited warranty may not be changed or modified except in writing, signed by an officer of GAF. No one (other than an officer of GAF) has the authority to assume any additional or other liability or responsibility for GAF in connection with your GAF Products and Covered Flashings except as described in this limited warranty.

**Effectiveness.** This limited warranty will not take effect unless all eligibility requirements have been satisfied, this warranty is registered to you, and your roofing contractor has been paid in full.

**IMPORTANT NOTICE: THIS IS A SAMPLE SILVER PLEDGE™ LIMITED WARRANTY. IT IS YOUR CONTRACTOR’S RESPONSIBILITY TO REGISTER YOUR WARRANTY WITHIN 45 DAYS OF INSTALLATION. IF YOU HAVE NOT RECEIVED YOUR WARRANTY FROM GAF WITHIN 60 DAYS, YOU SHOULD CALL GAF AT: 1-888-532-5767, OPTION 5.**

## Eligibility Requirements for the Silver Pledge™ Limited Warranty

To be eligible for the Silver Pledge™ Limited Warranty, you MUST fulfill these requirements:

- You MUST install a full roof; roofs installed on portions of buildings (such as half a roof on a duplex structure) do not qualify.
- Your roof MUST be installed by a GAF Master Elite® Roofing Contractor.
- The roof system must NOT be installed over an existing roof — all existing materials must be removed to the deck.
- If a new nail base insulated deck system is being installed, you must install GAF Cornell Ventilated Nail Base Roof Insulation (covered by the *ThermaCal® Nail Base Roof Insulation Panels Ltd. Warranty*).
- In addition to eligible GAF Roofing Shingles (see Application & Certification Form for eligible products), you MUST use one item from at least four of the following five accessory product categories:
  - GAF Roof Deck Protection (see Application & Certification Form for eligible products).
 

**Note:** If eligible products are not available, you may substitute any #30 ASTM D4869 felt or any #15 or #30 ASTM D226 felt, but it will NOT count towards one of the four required accessory product categories.
  - GAF Leak Barrier in valleys and around dormers, side walls, firewalls, chimneys, plumbing vents, and skylights (see Application & Certification Form for eligible products). In addition, in the North (see map), an eligible Leak Barrier product must also be used at all eaves to at least 24" (60.96 cm) inside of the warm wall. Leak Barrier is highly recommended (but not required) at all roof rakes and other vulnerable leak areas.
  - GAF pre-cut Starter Strip Shingles (only those with factory-applied adhesive) at the eaves (see Application & Certification Form for eligible products). **Note:** Your shingles (excluding starter strip shingles) will be covered up to the maximum wind speed ONLY if your shingles are installed using 6 nails per shingle and you have GAF Starter Strip products installed at the eaves and rakes.
  - Any Cobra® Attic Exhaust Ventilation product with adequate attic intake ventilation (see Application & Certification Form for eligible products). (**Note:** GAF Master Flow® Attic Exhaust Ventilation Products — which are covered by either the *Master Flow® Powered Ventilation Products Limited Warranty* or the *Master Flow® Ventilation Products Limited Warranty*, depending on the product — can be substituted ONLY if Cobra® Attic Exhaust Ventilation cannot be installed due to a structure’s architecture, e.g., post and beam construction, shed roofs, etc.) If a new rooftop intake or fascia intake vent is being installed, you must install Cobra® IntakePro™ Rooftop Intake Vent or Cobra® Fascia Vent.
- GAF Ridge Cap Shingles (see Application & Certification Form for eligible products) or shingles that correspond to the shingle product you are installing, as follows:

GAF SHINGLE INSTALLED	CORRESPONDING GAF RIDGE CAP SHINGLES
Royal Sovereign®	• Cut-up Royal Sovereign® Shingles • Cut-up Marquis WeatherMax® Shingles • Any GAF Ridge Cap Shingle
Marquis WeatherMax®	• Cut-up Marquis WeatherMax® Shingles • Any GAF Ridge Cap Shingle
All Other Shingles	• Any GAF Ridge Cap Shingle

- To improve the finished look of the roof, the use of ShingleMatch™ Roof Accessory Paint is highly recommended (but not required). ShingleMatch™ Roof Accessory Paint is covered by the *ShingleMatch™ Roof Accessory Paint Limited Warranty*.
- For maximum weather protection, the use of GAF-labeled Ultimate Pipe Flashing® at all plumbing vents is highly recommended (but not required). Ultimate Pipe Flashing® will be covered under the *Silver Pledge™ Limited Warranty* but will not fulfill a required accessory product category.

6. New metal flashing(s) MUST be installed (unless existing flashing(s) are in like-new condition or are at “unworkable” wall interfaces). Metal drip edge MUST be used at eaves and is recommended (but not required) at rake edges.

In addition to the requirements listed above, your Contractor must register and pay for your warranty within 45 days after installation. The warranty can be registered online at the GAF Certified Contractor Zone (visit [ccz.gaf.com](http://ccz.gaf.com)) or the attached Warranty Application & Certification Form and appropriate registration fee can be mailed to GAF. If your Contractor has not registered your warranty within 45 days after installation, GAF reserves the right not to issue your Silver Pledge™ Limited Warranty.

**Note:** All projects that involve commercial properties, properties involving HOA/Condo Associations, multi-family dwellings, or that total more than 250 squares *must* pass GAF’s final inspection before your Silver Pledge™ Limited Warranty can be issued. GAF reserves the right to withhold the warranty if the roof has not been installed according to GAF published application instructions. GAF also strongly recommends that your Master Elite® Contractor schedule a *start-up* and at least one *interim* inspection on projects of 250 squares or more by contacting GAF at least three weeks prior to the start of roof work. GAF reserves the right to inspect select other jobs at its discretion.

## Silver Pledge™ Limited Warranty Application & Certification Form

GAF Master Elite® Contractor (NOT property owner) must register and pay for this warranty either online at the GAF Certified Contractor Zone ([ccz.gaf.com](http://ccz.gaf.com)) OR this form can be mailed along with business check (or money order) made payable to GAF to: GAF • CCP Cashier • 1 Campus Drive, Parsippany, NJ 07054
